

## GOVERNOR'S PLANS FOR THE FUTURE

His Excellency's Family Will Live at  
Radford and Pulaski.

WILL NOT RETIRE FROM POLITICS

May Be Candidate for Senate When Time  
Comes Around—Party Not to Go to  
Charleston—The Cases of  
Harris and Lewis.

The removal of Governor Tyler and his family from the city at the close of the year will cause the deepest regret to a large number of the best people of the city, who have learned to know and like every member of the interesting family of the Executive.

Before coming to Richmond as the Governor of the State Major Tyler, who had been Lieutenant-Governor, and for many years prominent in State politics, was well known to many of the residents of Richmond. But comparatively few had had the pleasure of knowing Mrs. Tyler and the three delightful young ladies who have made the Executive Mansion a charming place to visit. Mrs. Tyler and her daughters have mingled freely with the people of the city, taking an active interest in all that affects the happiness and welfare of the city. The young men of the family have likewise made many friends.

The Governor and his family, upon leaving Richmond, will go directly to Radford, where the Executive family has a beautiful home. Near Radford, the Governor has also a highly-productive and well-cultivated farm. At Pulaski he has another residence and farm. This home is a little ways out in the country, and in this instance the residence is situated on the farm. The family will live at Radford during the winter, and probably go to Pulaski in the summer. The Governor, Mrs. Tyler and the young ladies, with two of the sons, Messrs. Hal and Eddie Tyler, will keep together for the present, at least. The two older sons, J. Hoge, Jr., and Major Heth Tyler, will not go to Radford. Mr. "James" Tyler, as he is better known, will remain here, being connected with the Virginia-Carolina Chemical Company. Major Tyler will go to Norfolk in the late winter or early spring, where he will locate as an attorney-at-law. He will go to Cuba for a month or so after the first of the year.

Before he came to Richmond as the Governor of the Commonwealth, His Excellency was a farmer. He was a hard worker, and every hour of the day was filled with some well-directed effort. The Governor always took an active interest in politics, and he reads the papers closely to keep posted on what is going on in the State and outside of it. He will return to this busy life. He receives many letters, and to answer them will take several hours of his time each day. He will always take an active interest in politics. He is not likely to retire, nor is he likely to be out of public life for any time. It is not believed that the Governor's ambition to represent the State in the National Senate is one whit less now than it was when he made his recent flight, and it would not be at all surprising if he is not before long in the Legislature a few years from now for this trust and honor.

Governor Tyler and his staff have given up the proposed trip to the Charleston Exposition. The Governor said last night that he now learned that the General Assembly will be here next week, and he did not wish to be away while that body was in session.

Mr. Fay S. Collier, a well-known lawyer of Hampton, was in the city yesterday to get from the Governor, if possible, a respite for Monroe Lewis, of Hampton, who is under sentence to be hanged on the 17th of this month. The Governor has the matter under advisement now. Mr. Collier said last night that he had not yet made up his mind that he would go in this case, as he had not gotten all the papers. These would come to-day or Monday.

Mr. Collier also brought to the Governor a petition for the pardon of Henry Peterson, a young man of Phoebus, who was recently sent to jail for six months on the charge of assault with a battery. The Governor granted the pardon.

The Boat Oar Company of Chattanooga, has written to the Commission of Agriculture to know if there is any genuine spruce timber in Virginia, such as is found in Vermont and Maine. They want to get from the timber possible for the manufacture of oars. The Commission will reply to the letter but any one in the State who has timber of the kind wanted, can write directly to the Chattanooga Company.

Among the visitors at the office of the Auditor yesterday were Judge J. Thompson Brown, Mr. J. N. Stubbs and Mr. J. C. Parker, a former member of the House from Southampton county.

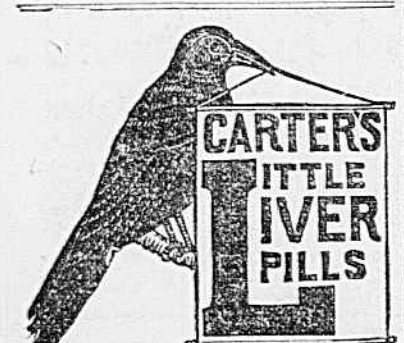

The Governor is still undecided in the case of Cleo Harris, the old negro of Bristol, who wants his sentence commuted to life imprisonment. Other papers are yet to come in this case.

### A FINE PRICE.

Rappahannock Pippins Do Well in Liverpool.

Hon. George W. Settle, of Rappahannock, received information last night that 250 barrels of Albemarle pippins and 250 Imperial apples, from the orchards of the late C. B. Wood, of the county, which were recently shipped to Liverpool, netted \$1,500.

Mr. Settle is very proud of the high stand his county is taking, as an apple growing section, and he believes such

The new facts presented prove that  
every person has the power to exert an  
influence over others, and that it is not  
merely the "strongest" mind that can  
sway multitudes.

This wonderful book divides hypnotic  
science into its various branches and  
tells how each may be quickly mastered  
—mastered so completely at home that  
any one can perform the most marvelous  
things that all have read about, but that  
few have seen demonstrated.

The true secrets of Hypnotism, Mag-

## AMUSEMENTS.

The production of "More Than Queen"  
at the Academy last night was more  
elaborate, costly and expensive than any  
that has been seen here in years. The  
original scenery, costumes and properties  
that Julia Arthur used were brought  
here in their entirety, the company was  
large and capable and nothing was left  
undone to make it a spectacle long to be  
remembered. William Humphrey was  
the original Napoleon in this play, and  
his characterization is masterly. His  
make-up bears a wonderful resemblance  
to the pictures of the great Emperor, and  
in his acting he shows the divinity of  
and personal peculiarities that made of  
Napoleon so distinct a figure. Roselle  
Knott as Josephine was indeed "more  
than queen." The loving wife, the pas-  
sionate Creole, the imperious Empress,  
all were faithfully portrayed. In grace  
and beauty, in action and in speech she  
was the Josephine of history. The fourth  
act is the act of the play, and both Mr.  
Humphrey and Miss Knott were reman-  
ded by innumerable curtain calls for their  
magnificent acting. Ogden Stevens as  
Lucien was very good in this act. The  
audience was large and enthusiastic,  
and the production deserves the  
highest patronage. It would take too  
much space to tell of the handsome  
scenery and beautiful costumes. In fact,  
none but a lady would fully appreciate  
the splendor of dress displayed. It is  
stated that the costumes of Josephine  
cost \$10,000 and that the entire produc-  
tion cost \$50,000, and these statements  
are easily believed, for everything on  
the stage belongs to the production, even  
to the chairs, desks and all furniture.  
Such lavish adornment of a play deserves  
the highest and most substantial appre-  
ciation of the public. There will be mat-  
inee and night performances.

### MR. SIMMONS PRESIDENT.

He is Re-elected by the Local Street Railway  
Men's Union.

Local Union No. 152, A. A. & R. 12, of  
A. A. held a large and enthusiastic meet-  
ing last night at their hall on Fifth Street.  
Mr. George Simmons was elected presi-

N. T. Redford; Alternate, Charles Y.  
Bingham.

S. D. G. Regent Harry Kemp visited the  
Council in his official capacity and made  
an interesting and instructive address.

### Heat Prostration in December.

It is a strange time of the year for a  
man to be prostrated with heat, yet such  
a thing happened yesterday at the Loc-  
omotive Works. C. N. Cook, a white man  
employed in the engine-room, became  
overheated and needed the attention of  
the ambulance at 5 o'clock. He was  
treated by Dr. Murrell and left.

set for to-day by the Government trial  
board, but owing to the extremely foggy  
weather was postponed until Monday.

## THE NICARAGUA CANAL DISCUSSED

Successful Effort to Maintain Pro-  
visions of Hepburn Bill.

PRESIDENT TO SIGN WARRANTS

The Bill for the Construction of the Canal to  
Be Pushed to an Early Hearing.

Conditions Favorable to  
the Canal.

(By Associated Press.)

WASHINGTON, D. C., Dec. 13.—The  
House Committee on Interstate and For-  
eign Commerce at its first meeting to-  
day voted to favorably report the Hep-  
burn bill, providing for the construction  
of the Nicaragua Canal.

Representative Fletcher (Minnesota)  
was the only member voting against re-  
porting the bill.

Before the vote was taken several  
amendments were proposed. One, by Mr.  
Adamson, of Georgia, was agreed to,  
providing that the expenditure of \$10,000,  
as provided by the bill, shall be made  
on warrants signed by the President of  
the United States. Other amendments  
fixing a maximum and minimum depth  
for the canal were voted down, the de-  
sire being to retain the original form of  
the Hepburn bill as near as possible.

Chairman Hepburn was directed to urge  
the measure to consideration and a vote  
in the House at the earliest practicable  
time.

### TO PUSH THE BILL.

Mr. Hepburn said after the meeting  
that, in accordance with the instructions  
of the committee, he would push the bill  
to a hearing in the House at an early  
day. He hopes to make the canal bill  
one of the first measures to be taken  
up after the holidays.

The unanimity of the committee to-day  
was gratifying to the friends of the  
canal measure. The motion to report the  
bill was made in the committee by a  
Democratic member, Mr. Adamson, of  
Georgia, and the entire Democratic mem-  
bership of the committee voted for the bill.

Mr. Adamson is also co-operating with  
Chairman Hepburn on the floor of the  
House, with a view to securing such con-  
trol as may be necessary for the united  
action when the measure comes up.

### TO ACQUIRE TERRITORY.

The bill as finally agreed upon au-  
thorizes the President to acquire the  
necessary territory from Costa Rica and  
Nicaragua for the construction of the  
canal. The bill also provides that the  
defenses of the canal shall be secured by  
the Secretary of War to excavate and  
construct the canal "from a point on the  
shore of the Caribbean Sea, near  
Greytown, by way of Lake Nicaragua,  
to a point near Brito,  
on the Pacific Ocean. Such canal shall  
be of sufficient capacity and depth as  
that it may be used by vessels of the  
largest tonnage and greatest draft now  
in use, and shall be supplied with all  
necessary locks and other appliances to  
meet the necessities of vessels passing  
from Greytown to Brito, and the Sec-  
retary of War shall also construct such  
safe and commodious harbors at the ter-  
mini of said canal and such provisions for  
defense as may be necessary for the  
safety and protection of said canal and  
harbors."

The San Juan River and Lake Nica-  
ragua shall be used in the construction  
of the canal. An agreement shall be  
made with Costa Rica and Nicaragua  
upon terms for the use of the canal. Ten  
millions are appropriated toward the pro-  
ject, the total sum not to exceed in the  
aggregate \$150,000,000.

### Short Session of House.

(By Associated Press.)

WASHINGTON, Dec. 13.—The House  
was in session less than an hour to-day  
and then adjourned until Tuesday. The  
bill to temporarily provide revenue for  
the Philippine Islands was reported by  
Mr. Payne, and Mr. Richardson filed the  
minority report. By unanimous consent  
an order for the consideration of this bill  
on Tuesday and Wednesday next was  
adopted.

After some discussion by Messrs. Cam-  
non, Livingston (Georgia) and Maddox  
(Georgia) the bill to extend the life of  
the Industrial Commission was passed.  
The Speaker announced the appointment  
of the following regents of the Smithson-  
ian Institution: Messrs. Hitt (Illinois),  
Adams (Pennsylvania) and Dismore  
(Arkansas).

### THE PHILIPPINE TARIFF.

An Effort to Restore Financial Condition of  
Archipelago Before Supreme Court Decision

(By Associated Press.)

WASHINGTON, D. C., Dec. 13.—Chair-  
man Payne, of the Committee on Ways  
and Means, to-day presented the major-  
ity report on the Philippine tariff bill.

This bill is designed to raise revenue  
for the government and benefit of the  
Philippine Archipelago. It is intended to  
restore the status which existed prior to  
the late decision of the Supreme Court in  
the "Diamond Rings" case. Prior to that  
decision the government had been collect-  
ing duties on goods coming into the  
United States from the Philippine Ar-  
chipelago at the same rates as goods im-  
ported from "Foreign Countries."

The court held that the Philippine Ar-  
chipelago is not a foreign country, and  
therefore, the general tariff law does not  
apply. This bill extends the rate now  
existing upon imports from foreign coun-  
tries to articles brought in from the  
Philippine Islands.

The Philippine Archipelago the  
United States-Philippine Commission pre-  
pared a tariff act after much care and  
study. Their object has been and is to  
secure a sufficient revenue to support a  
government in the Philippines; to pro-  
vide a fund for the education of the peo-  
ple; to open up the railroads and ways  
of commerce, both domestic and foreign,  
and provide a police force for the pres-  
ervation of order.

This bill proposes in the first section  
to make this Philippine tariff a part of  
the tariff of the United States. The  
necessity for a continuance of revenue  
which shall be both ample and certain  
is imperative. If we continue the police  
and constabulary system which has been  
inaugurated and which is doing so much  
to restore a law-abiding and orderly  
people, it will call for a large increase  
in appropriations. We have enrolled  
13,000 children in the public schools. It  
is necessary that we build suitable  
houses at once.

Four thousand teachers have been em-  
ployed, nearly all of them recently, and

## THE SURGEON'S KNIFE

Operations for Ovarian Troubles In-  
creasing in Our Hospitals.

Mrs. Eckis Stephenson of Salt Lake City Tells How  
Operations May Be Avoided.

The universal indications of the approach of woman's great enemy, inflam-  
mation and disease of the ovaries, are a dull throbbing pain, accompanied by a  
sense of tenderness, and heat low down in the side with occasional shooting pains.

On examination it may be found that the region of pain will show some  
swelling. This is the first stage of ovaritis, or inflammation of the ovaries.

If the roof of your house leaks, my dear sister, you have it fixed at once;  
why not pay the same respect to your body? Neglect and the dreadful  
surgeon's knife go hand in hand. How many thousands of our poor suffering  
sisters might have escaped the hospital and its dreadful experiences if they  
had only done as the lady whose portrait and letter we are permitted to  
publish. Oh, what more can we do to make women believe.

MRS. ECKIS STEPHENSON.

State Chairman Young Peoples' Temperance Union, Salt Lake City, Utah.  
"DEAR MRS. PINKHAM:—I suffered with inflammation of the  
ovaries and womb for over six years, enduring aches and pains which  
none can dream of but those who have had the same experience. Hun-  
dreds of dollars went to the doctor and the druggist. I was simply a  
walking medicine chest and a physical wreck. My sister residing in  
Ohio wrote me she had been cured of womb trouble by using Lydia E.  
Pinkham's Vegetable Compound, and advised me to try it. I then  
discontinued all other medicines and gave your Vegetable Compound a  
thorough trial. Within four weeks nearly all pain had left me; I rarely  
had headaches, and my nerves were in a much better condition, and I  
was cured in three months, and thus avoided a terrible surgical opera-  
tion."—Mrs. ECKIS STEPHENSON, 250 So. State St., Salt Lake City, Utah.

Another Operation Avoided in Philadelphia.  
"DEAR MRS. PINKHAM:—Some time ago I was taken very sick with pains  
caused by internal trouble (ovarian) and was unable to attend to my house-  
hold duties. I consulted several doctors but got no relief. They advised  
an operation which I was almost tempted to undergo when I read in the  
paper of the wonderful cures Lydia E. Pinkham's Vegetable Compound  
was making. So I began taking it and now after taking several bottles feel  
like a new woman. No praise is too great for it. It is woman's friend and  
no woman should be without it."—Mrs. LIZZIE MILLER, 1615 Taniata St.,  
Philadelphia, Pa.

Remember, every woman is cordially invited to write to Mrs.  
Pinkham if there is anything about her symptoms she does not  
understand. Mrs. Pinkham's address is Lynn, Mass., her advice  
is free and cheerfully given to every ailing woman who asks for  
it. Her advice has restored to health more than one hundred  
thousand women. Why don't you try it, my sick sisters?

REWARD.—We have deposited with the National City Bank of Lynn, \$5000,  
which will be paid to any person who can find that the above testimonial letters  
are not genuine, or were published before obtaining the writer's special per-  
mission. Lydia E. Pinkham Medicine Co., Lynn, Mass.

and constabulary system which has been  
inaugurated and which is doing so much  
to restore a law-abiding and orderly  
people, it will call for a large increase  
in appropriations. We have enrolled  
13,000 children in the public schools. It  
is necessary that we build suitable  
houses at once.

Four thousand teachers have been em-  
ployed, nearly all of them recently, and  
by all they for the Philippines; to support  
a government in the Philippines; to pro-  
vide a fund for the education of the peo-  
ple; to open up the railroads and ways  
of commerce, both domestic and foreign,  
and provide a police force for the pres-  
ervation of order.

This bill proposes in the first section  
to make this Philippine tariff a part of  
the tariff of the United States. The  
necessity for a continuance of revenue  
which shall be both ample and certain  
is imperative. If we continue the police  
and constabulary system which has been  
inaugurated and which is doing so much  
to restore a law-abiding and orderly  
people, it will call for a large increase
